Re: Letter of Recommendation

To whom it may concern:

I am pleased to recommend Ron Arline, Madison Street Agency, for any of your insurance needs. He has provided Grady EMC with outstanding service for over 20 years. Ron provides all of our self-insured needs which includes assisting with plan design, costs, and management. His focus on meeting your specific insurance needs while balancing the overall plan costs and design has been critical to our self-insured health plan. His oversight has allowed us to have no employee rate increases over the last three years while nationally there have been reports of fully insured plans having large rate increases. Again, I highly recommend Ron to assist in any of your insurance needs and would be happy to discuss any details or answer any questions you may have regarding his services.

Sincerely,

Bo Rosser
President & CEO
